NRA FIRST Steps - Rifle

May 19th 2013

The FIRST (Firearm Instruction, Responsibility and Safety Training) Steps Program is ideal for the novice shooter. The goal of this program is teach the participant the FUNDAMENTALS of Firearm Safety and Shooting.

FIRST Steps Programs are available for * Pistol, * Rifle, or * Shotgun. We are only offering Rifle in this offering on May 19th 2013.

It provides hands-on orientation to one specific action type of Rifle in half day format, including a one-hour shooting session on a range.

Since FIRST Steps programs are action type-specific (only one specific action type of firearm is taught), and teach only the most basic shooting skills, they are not complete "courses" in the traditional sense of the word.

The NRA FIRST Steps program does provide a through introduction to firearm safety, handling, and shooting skills for that one specific action type of rifle. These skills require regular practice.

If you are new to firearms and the shooting sports, a FIRST Steps program may be the perfect introduction.

We are offering the Rifle disciplines only on May 19th 2013

Students may use their own firearm and ammunition in the course **only after it has been inspected and cleared for use by the instructors**. If student does not have a firearm, one will be provided with the appropriate ammunition for an additional charge of \$10.00.

Class will begin at 9:00am
